

Yail Jimmy Kim

PSAM12 Speaker Bio

Short Statement: Speaker

BIOGRAPHY

Jimmy Kim is an Associate Professor in the Department of Civil Engineering at the University of Colorado Denver, Denver, CO. He is the Chair of American Concrete Institute Committee 345 (Concrete Bridge Construction, Maintenance, and Repair) and is a member of Committees 342 (Evaluation of Concrete Bridges and Bridge Elements) and 440 (Fiber Reinforced Polymer Reinforcement). He also chairs ACI 440I (FRP-prestressed Concrete). His research interest includes the application of advanced composite materials for structures, intelligent structural systems, structural reliability, and science-based structural engineering, including condensed matter and statistical physics. He is a licensed Professional Engineer in the Province of Ontario, Canada.
